LANDSCAPING

- **FRONT & REAR YARDS:** Bulldozer finish final grade with tree removal roughly 25 feet around the perimeter of the home or to the approximate property boundary if that is less. **PLEASE NOTE:** All sites are not conducive for grading and tree removal due to easements, set-backs, and/or community or municipal restrictions. Builder, in its sole discretion, shall decide if clearing and grading less than 25 feet around the perimeter of the foundation is warranted.

NOTE: Builder reserves the right to revise plans, designs, included features, options, and specifications without notice or obligation. Materials or products of similar quality (in Builder's sole determination) may be substituted as a result of changes in municipal requirements, supplier or labor cost or availability, or for any other reason determined by Builder.
