

KENSINGTON

AT WILLOW GLEN

Home Comfort & Energy Saving Features

- Boral™ Concrete tile roof—beautiful, enduring and energy efficient—Cool Roof Rating Council®
- Solar power system—our Purchase of Power program and professionally installed high-efficiency solar panels provide a clean and energy cost-savings alternative for electricity
- Energy Recovery Ventilation—ERV works with the HVAC system, it draws outside air indoors and filters moisture and allergen particulates—improving your indoor air quality
- Below deck roof insulation—insulating the attic space keeps your attic cooler in the summer and warmer in the winter resulting in a more energy-efficient home
- Insulated, fiberglass entry door with view hole and dead-bolt lock
- Dual glazed, Low-E®, energy-efficient, white vinyl windows and sliding patio door to rear/side yard
- Energy-efficient, LED carriage lights on garage
- Conduit for electric vehicle charging station at garage
- Professionally designed, drought-tolerant front yard landscaping, includes programmable irrigation system with timer and drip system in bedding
- Energy-saving weather stripping on all exterior entry doors (excluding side/back door entry to garage)
- 2-coat exterior stucco system with double 60-minute paper provides greater strength and increased weather protection
- Low VOC carpet and interior paint for improved indoor air quality
- Energy-efficient LED recessed ceiling lights
- Convenient indoor laundry plumbed for gas hookup
- Exhaust fan with humidistat in all baths to help remove excess humidity
- Smoke detectors in all bedrooms, and a carbon monoxide detector in all plans for your safety
- Programmable thermostat for easy and convenient temperature control
- Energy-efficient gas water heater
- Engineered fire sprinkler system throughout
- All homes meet or exceed California Energy Conservation requirements
- All homes are HERS certified with on-site, third-party inspections to ensure quality, energy efficiency and comfort
